

The TAX SHOW for the TAX PRO!

Volume 6, Issue 5

What Is Tax Talk Today®?

Tax Talk Today is a live Internet program featuring industry tax experts and professionals, like yourselves, and top representatives from the IRS. Each program features lively discussions, real time interaction and the opportunity for viewers to participate in the discussion by e-mailing questions directly to our studio. Late-breaking news from the IRS may augment or pre-empt original programming, making Tax Talk Today a primary 'you heard it here first' source of news about IRS initiatives, rules and decisions.

In addition to the Live webcast, the FREE monthly programs are available for up to 12 months as reruns through our archives, or on audio CD and DVD (perfect for conducting group viewings or for staff training).

Sponsored by the IRS, Tax Talk Today is the only program that brings the IRS to your desktop every month! The award-winning series airs on the second Tuesday of the month at www.TaxTalkToday.TV. Tax professionals, IRS enrolled agents, financial planners and payroll professionals may earn CPE credits and should visit the Web site for details.

Tax Talk Today is produced by L&M Production Design Group (www.LMpdg.com).
